**“Robotics & Computational Intelligence
Techniques (RCIT-2018)”**

29th January – 2nd February, 2018

Organized by

**Department of Mechanical Engineering
&
Department of Information Technology**

National Institute of Technology
(An Institute of National Importance)
Raipur - 492010 (C.G.), INDIA

About the Institute:

National Institute of Technology Raipur is situated in the capital of Chhattisgarh. The institute has proven to be “avant-grade” in the field of science and technology over past few decades in this region. With sweet memory of foundation ceremony by our president Hon’ble Dr. Rajendra Prasad on 14th September 1956. The institute started with two departments namely Metallurgical and Mining Engineering. Later the inauguration of the Institute building was done by our Prime Minister Hon’ble Pt. Jawahar Lal Nehru on 14th March 1963. From 1st December 2005, the institute has become the National Institute of Technology. It is well connected with Mumbai, Delhi and all metro cities by regular flights and is on the main Howrah-Mumbai railway route. The institute is 5 km from the Raipur railways station and 18 km from airport on NH-6, the Great Eastern Road.

About Department:

The Mechanical Engineering Department was established in 1958. Department offers one undergraduate program (B.Tech.) in Mechanical Engineering and three Postgraduate program (M.Tech.) of specializations Thermal Engineering, Design Engineering and Industrial Engineering & management. It is one of the largest departments of the institute from the point of view of students and faculty strength. Department also offers Ph.D. program in all relevant discipline of Mechanical Engineering including Design, Production, Thermal and Industrial Management.

The **Department of Information Technology** was started in year 2000. The aim of the department is to become the national leader in imparting quality education, carrying out research and technology development in the country. The department provides an outstanding research environment and offers academic program leading to the award of B.Tech., M.Tech. and Ph.D. degrees.

About the workshop:

The influence of robotic technologies on society and human beings has been strong. The number of applications of robots is increasing, and the robotics research field is expanding. The applications of robotics range from space exploration to underwater exploration. Scientists and researchers are engaged in advanced robotic research topics to address these challenging problems. Whereas, the study of computational intelligence addresses the problem-solving capability to the challenging real-world problems where traditional approaches may not be very effective.

The idea of this workshop is to make the participants aware of these advancements. The workshop will comprise of the essential theory and hands-on session on robotics and computational intelligence techniques with some programs and simulation tools.

Engineering faculty and students as well as industry personnel working in the area of robotics and computational intelligence are the target audience as participants.

Speakers:

Expert lectures will be delivered by the faculties of IITs, IIITs, NITs and professionals working in industries.

Topics to be covered with Hands-on Sessions:

Neural network, Deep Learning, Fuzzy Logic, Genetic Algorithm, Support Vector Machine, Principal Component Analysis, K Nearest Neighbor, Particle Swarm Optimization (PSO),

Introduction to Robotics, Robotics Kinematics, Building of Autonomous Robots, Mobile Robot Navigation, Path Planning, Underwater Robots, Cloud-based Robots, Simulation tools such as Robot Operating System (ROS), Webots, etc.

Selection:

The course coordinators reserve the right of selection of participants. The seats are limited to 30 candidates. **The preference will be on first-come-first-serve basis. The intimation regarding selection will be sent to the candidates by email as per the schedule.** Certificates will be issued to the participants only after attending the complete course.

No TA/DA will be paid to the participants. However, the accommodation facility may be provided to outside candidates on payment basis.

Registration Fee Details:

Participants	Registration Fees
