Abhinay, The Dramatics Club of NIT Raipur, came into existence on 2015, with the sole purpose of creating and aiding an environment of drama and related culture in the college.

It provides platform for young and talented artists of the college, specially in the field of drama and acting, cinematography, video making/editing etc.

On 18th of February,2020 at BTI ground, Raipur, 18th National Book Festival was organized for the people of Chhattisgarh. The event attracted all the literature enthusiasts and comprised of various authors, writers and poets to put forward their knowledge of literature. The event witnessed huge crowds and support from the people of Raipur and from all of Chhattisgarh.

Abhinay The Dramatics Club of NIT Raipur, performed a Nukkad that stressed upon the

importance of talent over notions of exterior beauty. The Nukkad displayed how various social parameters constrain the notion of beauty only to one's body. Everyone in the society faces some or the other kind of situations where the deformities of one's body are commented upon. Our team tried to make this point clear that everyone in the society has faced body shaming in some or the other way. It is literature that opens one's mind to the wide world of knowledge, that helps one discover their true nature. Literature is the mirror where society looks at itself and realizes its true nature. Just as a Nukkad, it helps us to look beyond these prevalent norms. The framework of our society measures our ability on the basis of our physical attributes. The audience that the only way out is working hard on our abilities and talents. These shackles can only bind the outer body, but the mind can never be chained. The entire book festival was circled around this very theme.

Our team intended to prove the point that it becomes important to

realize one's true potential and keep working on them. The team ignited all the writers and visitors and left an impeccable thought on their minds regarding these norms and parameters. The power of words resembled the face of the writers.

It was a wonderful experience on the part of the team to perform in front of a literature loving crowd. The team's enthusiasm left a memorable impact of the festival in the minds of the viewers. The reviews and feedback from the crowd was an opportunity for our team to learn more
