Green Library

The most useful event Green library is organized by Sahyog-The mentorship club. The main motive of the event is to help freshmen batch in the academics part of college.

The textbooks and reference material are kept safe by the seniors and they are shared as a soft copy. Also the hardcopies of the books are circulated with the juniors so that every student can have access to it and they don't have to deal with any problems in the first year of the college.

Remedial Classes

With the increasing complexity of the courses offered by the college, it becomes difficult for a student to grab all the information taught in class by the professors on one go. So as the main motto to mentor and help students, Club SAHYOG organizes extra teaching - learning sessions by senior students who have excelled in the particular subject, helping students clear their doubts and difficulties.

Boxes are set up and students can then write their problems and put them in the boxes, the members of the club then go through these submissions and on fixed intervals all the students are invited so that possible solutions to the issues can be found.

Problems of major concern are directed to the counsellor so that they are dealt properly. As the name suggests bheja free is a stage to get rid of bothering that trouble one in day to day life.
